

Effective 5/10/2016

63L-8-506 Right-of-way corridors -- Criteria and procedures applicable for designation.

- (1) Utilization of a right-of-way in common is suggested to the extent practical in order to minimize adverse environmental impacts and the proliferation of separate rights-of-way.
- (2) In designating a right-of-way corridor, the director shall take into consideration:
 - (a) national, state, and local land use policies;
 - (b) environmental quality;
 - (c) economic efficiency;
 - (d) national security;
 - (e) safety;
 - (f) good engineering and technological practices; and
 - (g) wildlife and wildlife habitat impacts.
- (3) The director shall issue rules in accordance with Title 63G, Chapter 3, Utah Administrative Rulemaking Act, containing the criteria and procedures the DLM shall use in designating such a corridor.
- (4) An existing transportation or utility corridor may be designated as a transportation or utility corridor without further review.
